

### **What after 12<sup>th</sup> Class**

Today a lot of students, both in school and in college and their parents are faced with a very confusing proposition of choosing a course or career. This confusions gets compounded by the fact that there are a number of lucrative options are there in front of the students. Moreover the influence of media, parents and peers create an unnecessary pressure in the mind of the young students.

Career Guidance is the service that a student or parent get where they are told about the Inherent Talent Pattern of the student and accordingly suggestions for the student's future course of action are given. Career Guidance can be provided both in an online environment and in offline environment. Till a few years back Career Guidance was all about the providing information about different courses and careers to young students. However this has undergone major changes in the last few years. The whole process of Career Guidance has evolved into a much more robust process wherein the focus is to correctly find the Inherent Strength pattern of the individual student. Once this Strength pattern is known, then the career counselor can guide the student to those courses where the student can utilize his/her natural talents to the fullest.

K V No.1 Devlali open career guidance portal for students to achievements in various spheres of life based roles, values and goals. It is too simplistic to consider career guidance as mere provision of educational and occupational information. In fact, career guidance given to student's aims at helping them know their talents and potentials, needs and their current and future life goals. The following objectives set for a career guidance for class XI-XII students by vidyalaya which is very useful for develop their career.

- To introduce them to topics such as 'Employment market and latest trends', 'Human resource needs for some professions', 'Preparing for competitive exams' etc.,
- To help them to write monographs on their specific Career plans.
- To explain the various methods of selection for an employment.
- To explain the occupational opportunities available after passing class XII and completing their higher studies.
- To explain the courses of study (educational/training) available after passing class XII for the students of Science/Commerce/Arts streams.
- To introduce the source books available on Educational/Employment opportunities.
- To involve them in planning and organization of Career Exhibitions Career Conferences.
- To explain the eligibility criteria for entering into various courses of study after class XII and the possible expenditure involved therein.
- To introduce them to the world of competitive examinations to enter into colleges, universities, training institutions and employment.
- To help them study the career literature available in the forms of pamphlets, barouches, posters, monographs, case studies, biographies etc.
- To involve them in the preparation of Career Talks on various educational courses and occupations.
- To deliberate upon topics such as 'Man power needs in various professions', 'Professions and ethics', 'Facing an interview board – a right approach', Preparing for professional courses – entrance examinations', 'Preparing for various competitive examinations, 'Decision-making skills' etc.
- To initiate student's to study part-time/evening courses along with their regular school study (recommended only for gifted students).
- To tell student's procedure for joining educational courses abroad.
